October 2020

## A REMINDER FROM YOUR CITY COUNCIL:

It has been brought to the attention of the City Council that there are parking problems on City Streets. Below are a few reminders when parking your vehicles....

**\*It is *against the law* to park within 50 feet of a Stop Sign or Yield Sign, which will obstruct the view of any traffic control device located on the side of the roadway.**

**\*Parking on City Streets is not permitted. Please move all vehicles currently parked on the pavement!**

**\*It is against City Ordinance #400 for any unlicensed and/or uninsured vehicles, or storage of any inoperable vehicles to be on the City Right-of-Way. As a reminder, the City Right-of-Way is 30 feet in each direction, measured from the center of the City Street.**

**\*No RV (Recreational Vehicle) may be used as residential occupancy on private property within City Limits for longer than a one-month period. This violates City Ordinance #120.**

If any of the forementioned violations are not corrected, the City of Grass Valley has the right to issue a citation, assess a Civil Penalty, or abate the violation at your expense.

*Note:* The Speed Limit on ALL City Streets is **20 MPH**. We want to keep our City and Residents as safe as possible, PLEASE DO NOT SPEED on our Streets!!!

## RECYCLING & BURN PILE INFORMATION

Due to an overwhelming amount of "garbage" being disposed of at the Recycling Center, we are including a handout of what is allowed versus what is not allowed in the Recycle Bins. If you have any further questions, you may contact City Hall or The Dalles Disposal.

If you are taking tree limbs, grass clippings or leaves to the City Burn Pile, it is requested that you please place them in appropriate piles. Walter has been working hard to keep things separated, and asks that you do your part also!
